GEORGETOWN'S BIG FIRE.

A lively stable, with nine horses, two dwellings and other smaller buildings were burned down, in Georgetown, Friday night, and several other buildings damaged (among them the printer of Mr. B. O. Gaines). The loss was about \$50,000, with not much insurance.

The blaze was of incendiary or gin, it is supposed.

SCALDED.

Mrs. Kate M. Williams, who lives on Major Heights, near this city, was so unfortunate as to have a can of fruit she was sealing up explode (Saturday) and scald her hand and neck. The necessary surgical attention was rendered and she is about all right again.

DAUGHTERS OF THE CONFEDERACY.

Jos. H. Lewis Chapter, Daughters of the Confederacy, will meet with Mrs. E. L. Samuel this (Saturday) afternoon, at 2 o'clock. A full meeting desired.

MRS. S. T. LEAVY, President.

DEVELOPMENTS COME THICK AND FAST.

Following quickly upon the heels of the action of the Democratic City Committee, in the selection of the officers of the primary to be held on Thursday, September 21, comes the following card from Mr. Kenner Taylor, one of the candidates for Mayor:

Frankfort, Ky., Sept. 11, '05. To the People of Frankfort:

I enter the race for Mayor many months ago, "subject to the action of the Democratic party," believing that the party would be allowed to act for itself through its official servants at the approaching primary.

In the committee delegated by the Democratic party of Frankfort with the duty and responsibility of impartial service to all the Democrats of the city, there has been formed a working majority known as a "sub-committee," and this self-elected "sub-committee," having allied itself with machine politics, has thrown its majority strength to the State machine and is now attempting to re-stall party action and deliver the primary nominations to only such candidates as are acceptable to the machine.

In open contravention of the election laws, this "sub-committee" has so chosen election officers that most of those appointed to act at the polls are known to be favorable to machine candidates, while it has actually given the machine candidates the sheriff of election in every single precinct in the city. This "sub-committee" has taken action which prevents the next City Council ticket from being selected by a vote at the primary, thus arrogating to itself the exclusive power to name that body, thereby holding out new patronage to exchange for additional support of its machine candidates. In view of these facts I feel it my duty, not only to myself, but to those friends who have offered me their support, to hereby withdraw from the primary and to announce myself as an independent candidate for Mayor.

Yours truly,

KENNER TAYLOR.

FIRE AT TYRONE.

A fire at Tyrone, Anderson county, on Friday night, destroyed the big department store of Bottom & Geo., a saloon, a barber shop and the Methodist Church. The loss was some \$20,000, the biggest the little town has suffered in a long time. How it originated is not known as yet.

A little life may be sacrificed to a sudden attack of dropsy if you don't have Dr. Thomas' Electric Oil on hand for the emergency.

OTIS EVANS' ESCAPE.

Otis Evans, who was adjudged insane and sent to the Eastern Lunatic Asylum, at Lexington, last week, escaped Tuesday night and went to the residence of his brother-in-law, Mr. Hearn, at Jetta, and drove the family out of the house.

News was brought to this city and Detective Chas. Noonan and Deputy Sheriff Ed. Pierce were sent to that place and captured Evans, whom they found asleep in a second story room. He fought desperately, but was clubbed into submission, brought to this city and lodged in jail, until an attendant from the Asylum could come here for him. The attack of the Asylum came Wednesday and took Evans to Lexington on the 7:41 C. & O. on that evening. He will have to be closely guarded or he will make further trouble.

Don't let the little ones suffer from Eczema or other torturing skin diseases. No need for it. Doan's Ointment cures. Can't harm the most delicate skin. At any drug store, 50 cents.

TERRIBLE ACCIDENT TO JAPANESE NAVY.

The flag ship of Admiral Togo of the Japanese Navy, one of the finest and most modern war vessels afloat, was blown up and sunk (together with 600 officers and sailors) by an accidental fire, in Sasebo harbor, on Monday night.

It is supposed the fire was caused by an overcharge of electricity. It was the worst thing that has happened for the Japs since the war began. Luckily the Admiral was not on board.

ACCIDENTALLY DROWNED.

On Sunday afternoon, Clarence Weisiger, the 18-year-old son of Henry Weisiger, colored, attempted to step into a skiff, on the South Side of the river, when it floated away from him and he fell into the river and was drowned while trying to swim to the boat. The body was found about two hours after the accident and near the middle of the river. Coroner Graham held an inquest and the verdict was in accord with the facts.

STARTLING MORTALITY.

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, of 13 Custom House Place, Chicago, says: "They have no equal for Constipation and Biliousness." 25c at all druggists.

TWO INDICTMENTS.

The grand jury has returned two indictments against Calvin Newton. One charges him with the murder of George Smith and the other with the murder of Jas. D. Smith. He was brought into court, pleaded not guilty and the case was set for September 29th, the 19th day of the term.

A SOURCE OF CONGRATULATION.

FINE COURSE OF WINTER ENTERTAINMENT TO BE GIVEN BY Y. M. C. A.

The Young Men's Christian Association believes there are many people in Frankfort who would be glad to take advantage of a wholesome course of entertainments and consequently has selected five of the best numbers that appear in chautauqua, Y. M. C. A. and church entertainments courses. They are the best talent that the Colt Lyceum Bureau of Cleveland can provide. They are not classed as shows, neither are they lectures, but entertainments of the highest class. Before taking up the course the Association asks a guarantee of 250 season tickets.

Everybody interested in the success of this course of entertainments is asked to lend assistance to those who are promoting it.

Mr. McKenzie R. Todd has kindly taken charge of the department, which is a sure guarantee of its success.

There are also coupons at Mr. Barzant's store and Elmer & Co.'s Drug Store.

The course must be guaranteed by October 1st. There are five attractions from the Colt Bureau and another will consist of local talent, making six entertainments for \$2.00.

ABATEMENT OF DISEASE.

We are authorized to state that there are only two or three cases of diphtheria in the city (about the usual number that can be found at any time). As an evidence, also, that the disease is abating in the country, a leading drug house informs us that the sale of anti-toxine, the medical specific now generally used, has fallen off until it has become nominal.

There has been entirely too much panicky talk in regard to this disease. We would be the last person to suppress the facts about it, but there is no excuse for exaggeration as well.

BEAUTIFIED BY NATURE.

The vacant lot at the corner of Bridge and Second streets, with its unsightly dump pile, hills and bottoms, has been turned into a "thing of beauty" and a joy to the eye by wild cucumber vines, which have overrun it in every direction, carpeting the ground and festooning the trees and fences with garlands of green, adding additional charm to the already many beautiful views from the St. Clair street bridge.

ANOTHER NEW RESIDENCE.

Mr. Lafayette Wells will shortly begin the erection of a new residence upon the lot adjoining his home on Ewing street, which he will occupy with his family, when completed, and sell or rent the house he occupies at present.

CANDIDATE FOR MAYOR.

We are authorized to announce Mr. KENNER TAYLOR as a candidate for Mayor of the city of Frankfort, subject to the action of the people. Election November, 1905. 20-te.

NEW DEPOT GOES GLIMMERING.

As has been expected (ever since the attempted purchase of the necessary grounds failed), the erection of the projected new depot has been abandoned. When property was assessed at a total of about \$10,000, was held for about four times that sum, simply because it was wanted for railroad purposes, common sense should have made it manifest that so wide awake a corporation as the L. & N. R. Co. would not stand for such a gouge.

CAME IN AUTO.

Messrs. W. L. Nequa, A. L. McKee and Geo. B. Hunt, of Greenville, Miss., arrived in this city Friday, having come all the way in an automobile.

COURT OF APPEALS TO CONVENE.

The September term of the Court of Appeals will meet, next week, with a very heavy docket.

As has been well known for some time, Judge Cantrell will not be able to sit. This makes the work of the other six judges much more arduous.

HUNTING FORBIDDEN.

The closed season on quail, squirrels and rabbits is on now and will not re-open until November 1st. So look out now, boys, and don't forget the punishment for breaking the law.

A NEW FOOTWAY.

A new and substantial foot bridge has been erected across the ravine on Ewing street, to supplant the old one, so damaged by time as to be dangerous to pedestrians.

SEX, NOT COLOR, THAT COUNTS

A Southerner is Greatly Surprised by an Instance of New York Politeness in Public.

"Well, sub," said a southern visitor in New York, reports the Sun, "I have always stood up for my section when it comes to politeness, but I saw something in one of the kyars of an elevated train in New York that knocks the spots off of our boasted, high-bred gentlemen. The kyar was comfortably filled; every seat was taken, when in steps a couple of culled citizens. I reckon I'll have to say culled in New York. One of the citizens was a woman. Her man was with her. They were dressed ruthless, I allow.

"There was a very stylishly dressed young man, Caucasian race, next to me, reading his paper. The culled woman reached up to grab a strap. Just then, sub, my Caucasian friend in his stylish get-up arose and uppin' his hat to the culled woman, says: 'Have my seat.' And doggone if she didn't take it, just as though she was in the habit of havin' white men give her a seat.

"At first blush I wanted to hit that Caucasian, it made me that mad. You never would see a white man in the south give his seat to a nigger. And you never would see a nigger take a seat from a white man. But this head New York politeness seems to draw no line. I confess to you, sub, I wouldn't a-done what that New York man done; no, sub. At the same time I allow that it was the genuine article. I reckon, though, it's mighty scarce."

INDIAN PRAIRIE DOG HUNTS.

Flock of the Little Animals to Decease a Dainty Dish by the Navajos.

The Navajo Indian, while he cannot be prevailed upon to eat a rabbit, is greedily fond of fat prairie dogs. Large communities of these small animals abound on the western plains, and the Navajo has resorted to many ingenious methods for trapping his coveted dainty. One of them is by the aid of a bit of mirror placed at the entrance to a burrow. When the mail ventures from his bedroom, deep underground, he sees a familiar image looking him at the front door, and he hurries out to confront the impudent intruder when he is pinned to the ground with an arrow.

But the most effective method is what the Indians call the rain hunt. As soon as the steady downpour of summer rain begins every Navajo who can walk repairs to the prairie dog village with hoe, sharp sickle, or any digging implement. With these they hollow out trenches, that will lead the storm water into as many burrows as possible. Soon a little stream is pouring down each small home, and the inmate, much disturbed, pops out to see what the matter can be. Many of the animals remain underground until they are drowned, and their bodies float to the surface. After such a hunt, in which many pounds of prairie dogs are generally secured, there is a feast for many days in the Navajo huts.

INSTRUCTION BY PHONOGRAPH

Correspondence Schools Now Use It to Teach Various Languages to Students.

Correspondence schools which undertake to teach languages by mail have found a useful adjunct in their system in the phonograph. In addition to the usual instruction papers, which give the student a reading knowledge of a language, a speaking knowledge may be gained by the exchange of record cylinders between instructor and pupil. It is claimed that by this means the student may acquire perfect pronunciation, since he can repeat the phonograph lesson as often as he finds necessary, and thus fix upon his memory every word of pronunciation and inflection.

STRANGE ADVICE!

Dr. G. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. New trial bottles, 25c; regular size, 75c. At all drug stores.

CLIMATIC CURES.

The influence of climatic con-
ditions in the cure of consumption
is very much overdrawn. The
poor patient, and the rich patient
too, can do much better at home by
proper attention to food digestion,
and regular use of German Syrup.
Free expectoration in the morning
is made certain by German Syrup,
so is a good night's rest and the
absence of that weakening cough
and debilitating night sweat. Rest-
less nights and the exhaustion due
to coughing, the greatest danger
and dread of the consumptive, can
be prevented or stopped by taking
German Syrup liberally and regularly.
Should you be able to go to
a warmer climate, you will find that
of the thousands of consumptives
there, the few who are benefited
and regain strength are those that
use German Syrup. Trial bottle,
25c; regular size, 75c. At all drug-
gists. 1 yr.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a
Frankfort Citizen Shows
You the Cure.

Why will people continue to suffer
the agonies of kidney complaint,
backache, urinary disorders, lame-
ness, headaches, languor, why
allow themselves to become chronic
invalids, when a cure is offered them?

Doan's Kidney Pills is the rem-
edy to use, because it gives to the
kidneys the help they need to per-
form their work.

If you have any, even one of the
symptoms of kidney diseases, cure
yourself now, before diabetes,
dropsy or Bright's disease sets in.
Read this Frankfort testimony:

J. P. Taylor, of 303 Madison
street, carpenter by trade, now re-
tired, says: "For nigh on to thirty-
five years I was subject to pain
and weakness in my back. The
trouble I know came from the kid-
neys, especially from the left one,
this being the most affected. Some-
times I could scarcely rise after
kneeling or stooping, and often
when walking sharp pains would
take me in my left side so as to
nearly cause me to fall. A weak-
ness of the kidney secretions was
very annoying, especially at night,
and it disturbed my rest. For
years, at off-recurring intervals, I
took various medicines which all
practically failed to give the prom-
ised and expected benefit. It is
the recollection of these very facts
which makes me so appreciate the
remedy which also afforded me a
genuine and lasting benefit. I re-
fer to Doan's Kidney Pills which
were procured by me at J. W.
Gayle's drug store. They went
right to the cause of the trouble
and removed it. I will always
recommend Doan's Kidney Pills to
my friends as a remedy that can be
depended upon."

For sale by all dealers. Price 50
cents. Foster & Co., Bu-
falo, N. Y., sole agents for the
United States.

CAN YOU EAT?

J. B. Taylor, a prominent mer-
chant of Christman, Tex., says: "I
could not eat because of a weak
stomach. I lost all strength and
ran down in weight. All that
money could do was done, but all
hope of recovery vanished. Hear-
ing of some wonderful cures effected
by use of Kodol Dyspepsia Cure, I
concluded to try it. The first bot-
tle benefited me, and after taking
four bottles, I am fully restored to
my usual strength, weight and
health." Kodol Dyspepsia Cure

KALTENBRUN-FEDLER—An announcement is made of the approaching marriage of Dr. V. A. R. Kaltenbrun and Miss Mary Fedler, of Louisville.

The happy event will occur Wednesday evening, September 27, 1906, in Louisville.

Dr. Kaltenbrun is one of our most skillful and popular dentists. He is the son of Dr. V. A. Kaltenbrun, and is a favorite with all who know him. His bride-to-be is the daughter of Mr. J. C. Fedler, of Louisville, and is said to be a most charming young lady.

A RANG-UP TRIP.

The Frankfort Business Men's Club went to Cincinnati, on Thursday last, to the number of 125, on a special train over the F. & C. and Q. & C. Railroads, leaving this city at 8.30 a. m. and arriving in the Queen City at 10.30.

The Club marched to the depot in command of Capt. John W. Milani, and headed by the Second Regiment Band.

At the Grand Central Depot, in Cincinnati, the Club were met by a big delegation of the Cincinnati Business Men's Club, headed by a band, and were taken to the Moerlein Brewery, where a delightful lunch was served.

The big brewing plant was thoroughly inspected, after which the crowd were taken on street cars to the Zoo, where all the wonders of that famous resort were shown. After having enjoyed the sights of the Zoo, the party disbanded to meet again at the Chamber of Commerce at 5 o'clock, where an elaborate banquet was served.

The usual amount of Kentucky ofafory was uncorked, ably backed up by the Ohio article (which is no slouch), and the whole affair, from start to finish, was a grand success.

The party returned home at 12 o'clock that night, having enjoyed every moment of the time.

The object of the trip was to draw closer together the business interests of the two cities, to the mutual advantage of each.

It was a "mutual admiration society" clear through, and each voted the other "a jolly good fellow," with eyes wide open for business.

DEATH OF DR. HUGH LEONARD TOBIN.

This sad announcement came as a shock to our city. His death occurred at 11 o'clock, on Thursday night, at Pope's Sanitarium, in Louisville. Dr. Tobin was the third son of the late Mr. Lawrence Tobin and Mrs. Mary Tobin. He was 44 years of age, and was a physician of fine attainments and standing. He had been physician at the local penitentiary for eight years in succession, and had also served in a like position under Governor Bucher.

For some time Dr. Tobin had been troubled with a painful intestinal disease, which baffled the skill of our local physicians, and had recourse to an operation for relief. The operation was performed some ten days ago, and, contrary to the hopes of the surgeons, he did not rally as fully as it was hoped he would. On Thursday the case assumed a dangerous phase, and his brothers, Mr. Richard Tobin and Mr. John Tobin, were summoned to his bedside. He sank rapidly, and the end came as stated.

Dr. Tobin was highly esteemed for his integrity and ability as a married physician.

He leaves a wife and nine children, three brothers, three sisters and his aged mother to mourn his untimely end.

The remains were brought home yesterday and the funeral and burial will take place from the Church of the Good Shepherd to-day, Rev. Father Thos. S. Major conducting the sad rites.

The sympathy of a wide circle of relatives and friends is extended to the bereft.

..DEATHS..

YAGEL—In this city, on Monday, Mrs. Mary Yagel, aged 60 years, from a stroke of paralysis.

Mrs. Yagel was a sister of the late Mr. Joseph Olberman. She was born in Germany. She and her husband, Mr. George Yagel, conducted a grocery store at the corner of Broadway and High, until the death of Mr. Yagel, a year ago.

She leaves three sons (Messrs. George, Edward and Joseph) and one daughter (Miss Carrie), two stepdaughters (Mrs. W. F. Nickels and Miss Mamie Yagel) and a large circle of friends to mourn her death.

The funeral services were conducted on Wednesday, from the Church of the Good Shepherd, by Rev. Father Thos. S. Major, and the remains were laid away in the Catholic cemetery.

Better Deal in Germany.

"The whole cab-service of Germany is regulated in a way to make the American anxious of German infidelity," writes Ray Stannard Baker, in "Seen in Germany." In most cities: large proportion of the cabs are placed with "taximeters"—little dial placed in front of the seat and so arranged that they indicate just how much the passenger owes at any given time. For instance, when you take a cab in Berlin the indicator shows a charge of 50 pfennigs (1 cent) as soon as you take your seat and as you drive the figure change 40 pfennigs at a time, and when you are ready to stop you pay the sum indicated by the dial, no more, no less. Thus there is no chance for extortion on the part of the cabman, and no disagreement as to charges, a feature of disagreeable prominence in London and Paris. And it may be said in passing that the charges are generally very low compared with those in American cities.

DR. BELL'S PINE-TAR-HONEY

will cure in one night—it will always prevent a cold if taken on coming in out of the wet. Delightfully pleasant to the taste. Good for children. Good for everybody.

Centimen: Last November I was taken with a severe cold and cough. I used a bottle of standard expectorant and was not benefited in the least; I then tried another standard cough cure, but with no better results than with the expectorant. I was then recommended by a druggist at Covington, La., to try Dr. Bell's Pine-Tar-Honey and after using one 25c bottle I was completely cured. This testimonial was unsolicited, but you are at liberty to use it in any way you may choose. In my opinion you have by far the best cough medicine on the market. Yours truly, I. K. NORMAN, Cla. Ga.

Cures Coughs and Gives Strength to the Lungs.

Over 4,000,000 bottles were sold during the year 1904, on an absolute guarantee. Out of this vast number of sales money was refunded on six bottles. This proportion—4 out of 4,000,000—is so exceedingly small that it hardly makes a ripple in the solid phalanx of satisfied customers. This is the unprecedented record of the most wonderful cough medicine on the market.

"DO IT TO-DAY."

The time - worn Infusion, "Never put off 'till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Roschke's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists. 1yr.

ALL IS READY.

Preparations for Big State Fair Complete—Splendid Grounds—Temporary Buildings Erected.

Prof. J. S. Duss
Leader of Famous Band.

September 18-25!

For the past several months these dates have been impressed upon the people of Kentucky in every possible way. They have been posted on bill boards, they have gone out on letter heads, they have appeared in innumerable newspaper advertisements and reading no-tices. They are the dates on which the Big Kentucky State Fair, the largest and most pretentious ex-hibition of the kind ever attempted in the South, will be held.

THIRD STATE FAIR.

This is not Kentucky's first State Fair. There have been two others. One was at Louisville in 1902 and the other at Owensboro in 1903. The first was a moderate success; the second, from a financial stand-point, was a disastrous failure.

[Quite a number of fairs were held before the war, and one or two after it closed.—Ed.]

But from a consideration of the class of exhibits and of their ad-vantage to the State, both must be counted beneficial. This year's fair will be held at Lexington. That fact alone is enough to arouse the enthusiasm of the people of Kentucky and to guarantee its suc-cess. For Lexington is the center of the State's live stock and agri-cultural interests. Around her are grouped the most important lot of stock farms in America. She is the market of America for thorough-breds, for trotters, for saddle and carriage horses. From her blue-grass pastures go forth the export cattle, which furnish Christmas beef to England's most favored lands. Her sheep are served as choice viands to royalty in many countries of Europe.

LEXINGTON IDEAL LOCA-TION.

Lexington is a great place for fairs. She has a way of giving better facts than any other city in the State could ever give and she invariably makes a success of them. Is it any wonder, then, that the State Fair, located at Lexington, with \$15,000 appropriated by the State and a guarantee fund of \$12,500 put up by her citizens to offer financial backing, with \$25,000 to be given away in premium money—is it any wonder that under these circumstances the coming State Fair should arouse marked and widespread enthusiasm? Indeed, the wonder would be were there not such enthusiasm. For it there is every good reason. Under a management that can not be ex-celled, with an enthusiastic Board of Control backing up an efficient and popular secretary, with men in charge of its various departments who have intimate knowledge of the detail work necessary to secure

the best possible exhibits, the suc-cess of the fair is beyond doubt assured.

BEAUTIFUL GROUNDS.

The management of the fair was most fortunate in being able to secure the grounds of the Kentucky Trotting Horse Breeders Association. This plant is probably the most complete of its kind and for its purposes in the world. The grand stands are adequate and com-fortable. The mile track is not only one of the fastest, but one of the best from the standpoint of trainers and horses that could be built. The grounds themselves are sodded and beautified with every improvement that the highest art of the horticulturist could suggest. The stables are new, built on the latest and most approved patterns and the whole plant is of a kind that could scarce be improved. It is splendidly adapted for the hold-ing of a State Fair.

TEMPORARY BUILDINGS.

However, for the requirements of this year's fair it was necessary to erect certain temporary buildings, where displays of various classes of stock might be properly given and where that stock may be com-fortably housed while it is here. For this purpose a large plot of ground belonging to the Gibson es-tate, and immediately adjoining the grounds of the Kentucky Trotting Horse Breeders Association, was leased. Here hundreds of workmen have been and are now busily engaged completing these temporary buildings. On account of the crowded condition of the stables of the Kentucky Trotting Horse Breeders Association it was necessary to provide accommoda-tions for horses. To this end 76 box stalls have been erected, 9 by 10 each. There are eight cattle barns of dimensions 10 by 22 feet, which will care for 500 cattle each. There are two sheep pens and two hog pens, each with 6 stalls, 4 by 6. Besides these, Mr. L. C. Price, the proprietor of Penmoken Farm, will erect a barn where his Shet-land ponies will be housed. A tent 80 by 6 feet will be provided for the poultry display. The magnitude of the fair is illustrated from the fact that it will be necessary to show the cattle, sheep and hogs under tents. Hereafter at all fairs held in Lexington the cattle have been judged on the track or grounds in front of the grand stand. But the classifications for this year's fair are so large and there are so many exhibits to be given that it will not be possible to do this. Hence a large tent, 40 by 130 feet, will be placed to the west of the betting shed for the cattle show. A tent for the sheep show and one for the hog show will each be be-tween the buildings erected for these two classes of stock.

NO UNPLEASANT EFFECTS.

If you ever took Dr. Williams' Little Early Risers for biliousness or constipation you know what pill pleases are. These famous little pills cleanse the liver and rid the sys-tem of all bile without producing unpleasant effects. Sold by J. W. Gayle.

GASH CUT IN HEAD.

Mr. H. T. Smith, who lives on the Flat Creek pike, was hauling a load of rails, on Saturday, when one of them slipped from the top of the wagon and struck Mr. Smith on the forehead, cutting a gash two inches long to the bone. Dr. C. A. Fish attended to his injuries, closing the wound with two stitches.

Mr. Smith will soon be all right again.

STRIKES HIDDEN ROCKS.

"When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for Consumption. J. W. McKinnon, of Talladega Springs, Ala. writes: 'I had been very ill with Pneumonia, under the care of two doctors, but was get-ting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bot-tle cured me.' Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at all druggists, price 50c and \$1.00. Trial bottle free.

INCREDIBLE BRUTALITY.

It would have been incredible brutality if Charles F. Lounsbury, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at all druggists.
